Railroad Topics

The St. Louis & San Francisco railway is conducting crude oil experiments on its line.

The new Santa Fe turn table at Gallup was completed yesterday and put in operation. It is turned by an air motor.

The work on the new Santa Fe turntable at Raton is progressing rapidly, and the table will be in use before the end of the month.

Ben Shoup, of the local stores department of the Santa Fe, has returned from a month's visit to relatives in Quincy, Ill.

Trainmaster G. W. Lupton, of the Santa Fe, has removed his family to this city from Winslow. He has secured a neat cottage at 613 Coal avenue.

The July output of the Raton shops was one of the largest in the history of the shops. Fifty engines were turned out, four for general repairs, five for heavy repairs and forty for light repairs.

Assistant General Passenger Agent William J. Leahy of the Rock Island, has issued an attractive folder containing views of the Colorado resorts and descriptive matter in connection with the G. A. R. encampment at Denver, September 4 to 7.

President A. A. Robinson, of the Mexican Central railway, accompanied by his family, passed through the city last night on his way to the City of Mexico, from an extended trip to New York and other eastern points. He was traveling in his private car.

CHIEF DISPATCHER ON THE DAWSON DIVISION.

C. W. Houston has been appointed chief dispatcher and trainmaster of the Dawson division of the Southwestern, succeeding A. L. Dain, trainmaster, who has resigned, and A. L. Corbett, chief dispatcher, who has been assigned to other duties. The appointment is effective today.

LARGEST RAILROAD CONTRACT THAT WAS EVER AWARDED.

It is reported among railroad men and contractors that the William Kennel Construction company has secured the contract for building the Western Pacific. The road is to be built by the Gould interests from Salt Lake City to San Francisco, at a cost of \$11,000,000. The contract is the largest single contract for railroad work ever made in the United States.

ENLARGING ROUND HOUSE AT RATON SHOPS.

The Santa Fe is going to make extensive repairs to its round house at Raton, and expects to commence work this week. The stalls in the old part will be lengthened twenty feet, to accommodate the heavy power used on that division. The road also expects to build a new office for the round house foreman, which will have a waiting room for engineers and firemen.

SANTA FE RAILWAY SUEW FOR \$20,000.

In the district court at El Paso yesterday afternoon a \$20,000 damage suit was filed against the Santa Fe railway company. The action is brought on account of personal injuries, alleging to have been sustained through the negligence of employees of the defendant.

Arthur D. Pankey, the plaintiff in the action, alleges in his petition that on the 27th of last May and prior thereto, he was employed in the capacity of fireman.

On the date designated, he states that while taking water for his engine at a tank near Rinem, one of the chains that held the pipe in place struck him before he could get away from the head, shoulders and back. Pankey claims that his injuries are of a permanent nature, and that, therefore, he brings his suit for the sum above stated.

The Difference in Cost

between a good and a poor baking powder would not amount for a family's supply to one dollar a year. The poor powder would cause doctors' bills many times this.

Dr. PRICE'S cream Baking Powder

is the most economical in the end, because it goes further in leavening and insures perfect, wholesome food.

When ordering of the grocer always call for Dr. Price's Cream Baking Powder by name for good health and good food. It makes the finest cake, puddings, flapjacks, biscuits and bread.

NOTE.—There are many imitation baking powders which are sold from five cents to twenty-five cents a pound. They should be carefully avoided as they are made from alum and are unhealthy.

ROSSELL ELKS AFTER NEW CLUB BUILDING

The Roswell Lodge of Elks, No. 969, held its first regular meeting this week. There was a large attendance. The Roswell members, the resident Elks of other lodges and two visitors made up a big attendance. The visitors were Mr. Hardwick, manager of the Worth hotel at Fort Worth, and the Waples of Houston, who was formerly manager of the Burton Lingo Lumber company in Roswell.

The Roswell Elks already see the need of a larger meeting room. A committee was appointed to see representatives of the Sheridan estate and see, if possible, if they cannot get a second story on the new building soon to be erected by these people near the Shelby hotel. The Elks will offer to lease the second story for five years.

Other committees, on by-laws and other important questions, were appointed and seventeen applications were voted on.

THE DINING CAR SERVICE

(From the California Limited Log Book)

It is peculiar that all of us should compliment the Harvey System, and yet we do. It's a habit, and we can't help it. I am really ashamed to say anything further, but I can't abstain. The dining car service on the California Limited is too good to be true.
